

KOSICT TECHNOLOGY FESTIVAL

# FUTURE DEVELOPERS CORNER

**WE EMPOWER  
YOUNG MINDS  
THROUGH  
TECHNOLOGY**

The Future Developers Corner at KosICT is your gateway to nurturing the next generation of tech innovators. Since 2019, we have provided a platform for children aged 7-12 to explore the exciting worlds of coding, software development, robotics, and digital technology.

11 – 12 October, 2024

**Tech Park Prishtina**

# WHY PARTICIPATE?

**Showcase Young Talent:** Give your students a platform to shine. The Future Developers Corner is designed for kids aged 7-12 to showcase their skills in coding, software development, robotics, and digital technology.

**Networking Opportunities:** Connect with professionals, potential partners, and other coding schools. This is a unique chance to build relationships and expand your network within the tech community.

**Enhance Your School's Visibility:** Benefit from a space dedicated to coding schools, with 10m<sup>2</sup> to accommodate up to 10 children. Your school will receive special promotion through KosICT's communication channels, helping to increase your brand's visibility.

**Promotion and Exposure:** Display your promotional materials—banners, leaflets, logos—in your dedicated space. Benefit from added exposure and promotion through KosICT's communication platforms.
