

KOSICT

14th EDITION

OCTOBER 10-11, 2025

PRISHTINA, KOSOVA

Brought to you by:

FUTURE DEVELOPERS CORNER

We Empower Young Minds Through Technology

The Future Developers Corner at KosICT is your gateway to nurturing the next generation of tech innovators.

Since 2019, we have provided a platform for children aged 6-15 to explore the exciting worlds of coding, software development, robotics, and digital technology.

WHY PARTICIPATE

SHOWCASE REAL LEARNING TO A REAL AUDIENCE

Public exhibitions raise student buy-in and connect classroom work to the community.

SPARK STEM INTEREST AND CAREER AWARENESS

Encounters with STEM professionals and mentors measurably boost students' motivation and orientation toward STEM paths.

LIFT ENGAGEMENT BEYOND CLASS TIME

Extracurricular STEM participation is linked with stronger school attachment and gains in scientific creativity.

STRENGTHEN HOME-SCHOOL CONNECTIONS

Family-friendly STEM events increase students' interest and confidence when caregivers are involved.

TEACHER GROWTH, FRESH IDEAS

Exposure to current tools and practices aligns with features of effective PD (content focus, active learning) and benefits from school-industry touchpoints.

BUILD PARTNERSHIPS

Participation helps seed collaborations with universities and industry around digital innovation and student well-being.

WE PROVIDE

- Two display tables with power + Wi-Fi
- Branding included (printing & installation on your area)
- Show-&-Tell slot (optional 3-5 min micro-demo on the Dev. Stage)
- Mentor support on site (quick "office hours" with industry volunteers)
- Photo & recap feature in KosICT channels
- Participation recognition (digital badge + printable certificate)
- Logistics help (check-in, storage corner, and on-day assistance)
- Every participating student receives the official KosICT 2025 T-shirt
